

Chapter 15

Spiritual Healing

- Under the Laws of Grace, we ask the powers of the Light, with our grateful thanks, to clear and protect all levels of the energy field of this soul and its family, loved ones and soul group, within all dimensions and at all times, past present and future, across the entire Universe.

Please honour the requests of this section with unconditional love, forgiveness and without judgement; protecting and cleansing the property and environment of this soul, its family and loved ones.

- May all negative thought forms, energetic attachments, fixed and fluid, possessions, alien energies and cordings within the mind/body energy field be bound and taken into a place of choosing of the Light. This process to be assisted by the following:

- Please may this soul be released from all conscious and unconscious contracts made with energies of less than 100% light in any lifetime, past, present or future and in any dimension. Please include contracts made by anyone in this body and its entire genetic lineage.
- We ask that any and all soul elements and personality traits left in previous relationships, arising from any time period or lifetime, past, present or future and in any dimension, be healed with light in line with the processes detailed in this section. When clear of any influences from energies of less than 100% pure light, and at the appropriate time, these lost soul elements to be returned to this soul and fully integrated, with unconditional love, forgiveness and no judgement.

- We ask that the powers of the Light provide protection against ‘psychic attack’ and ‘psychic energy draining’ from any source. Please ensure that all negative cords connecting to these energies are permanently cut and healed, with unconditional love, forgiveness and no judgement.
- May all attached elements of other people’s souls and personalities, arising from any time period or lifetime, past, present or future and in any dimension be healed with light, relieved of any influences from energies of less than 100% pure light and returned to their source. Please also cut and heal energetic bonds with that source, with unconditional love, forgiveness and no judgement.

- Please sever and return to the light as light any vows of poverty, chastity, solitude, isolation and suffering made in any lifetime, past present or future, in any dimension, anywhere in the Universe, undoing the effects of these vows in all directions of time.
- We petition Source and all relevant souls to release this soul from any adverse influences generated from past, concurrent and future lives, at any time, in any dimension, and in any place. Where forgiveness is required, we humbly request it from all those affected and ask that it is accepted with honour, unconditional love and no judgement.
- Please assess the optimal aura width so that the energy field is protected from unwelcome interference from other people and adjust the aura width depending on circumstances and environment.

- Please ensure that all cells ignore all transmissions from sources that are not true to the Light, including anything at the frequency 4.53.
- We also ask you to nullify inappropriate foreign objects in the body.
- Please apply the same cleansing and growth process to all guides and spiritual supporters for this soul so that all assistance from spirit comes from a place of light and supports the optimum life plan.
- Where an energetic attachment needs persuasion to leave its current home in favour of a journey to the light, we invite the powers of the light to explain to this lost soul the following:
 1. That it is no longer in physical form and is intruding on a soul that is..
 2. Once we have left our physical form, it is never appropriate to attach to the energy field of another incarnated soul. It hinders the journey and evolution of both souls affected. We cannot retain our material wealth, power or relationships.
 3. If we have lessons still to learn, we can come back again in physical form if we wish.
 4. When we return to spirit, there is no judgement other than that imposed by ourselves on reflection of our life's events.

5. There is no punishment inflicted on us by a higher power for our perceived errors or poor judgement. There are only lessons to learn which we may choose to re-examine in a subsequent incarnation.
 6. Souls we have 'wronged' are not waiting in spirit to exact their revenge.
 7. We may have chosen the key elements of our previous life as a means of exploring the different emotions and lessons of life in physical form.
 8. Any other information deemed appropriate
- If this explanation can be supported by the appearance of appropriate loved ones, other members of that soul group, or souls apparently wronged who wish to show their forgiveness, please facilitate this re-union.
 - Where the energetic attachment has forgotten its connection to light and love, we ask the powers of light to remind it of its own spark of light and Divinity held deep within, showing it love and protection. In particular, please stress the following:
 1. The light is the truth
 2. The light is stronger than the dark
 3. There is a spark of light within every soul
 4. The light represents love and healing and does not burn or cause harm
 5. A soul cannot cease to exist
 6. There is no punishment for losing ones way, only future lessons that the soul may choose to explore.
 7. These basic truths can be tested and proven in the safety of a protective bubble of light extending around the soul.
 8. If the points above prove the falsehood of their previous understanding, that soul should challenge all threats of punishment and fear it has ever been subjected to.
 - If any spirit attachment is threatening the host with damage to their loved ones if they are forced to leave, we ask that these loved ones are protected so that the host can exercise their free will to release the attachment without fear of reprisal. Similarly, if there is any threat that removal would negate the beneficial aspects of that relationship in past, concurrent, present or future lives, please ensure that replacement support is made available from other light beings so that the attachment can be released safely now.
 - If the attached energy claims rights of possession due to breaches of Universal law, whether in this life, a past life, or through this soul's ancestral lineage, we petition the powers of Light to heal these breaches so that the attachment can be released. In particular, we ask for healing under any of the following possible headings:
